The Top Ten Reasons to Install LP® TechShield® Radiant Barrier

10. LP TechShield is the #1 radiant barrier brand in the country.
9. Prevents up to 97% of the sun's heat in the roof sheathing from entering your attic in the summer.
8. Reduces your attic temperatures by up to 30°.
7. Increases the efficiency of your HVAC system, duct work and insulation.
6. Reflects radiant heat back into the attic in the winter.
5. Certified as an Energy Star Partner.
4. A great way to "go green" and consume less energy.
3. Could increase the resale value of your home.
2. Backed by a 20-year transferable limited warranty.
1. Saves you up to 17% on your monthly energy bills!

CLASSIC SINGLE HUNG

STANDARD FEATURES

- 1 Classic brick mould profile provides an authentic sculptured appearance that matches traditional exterior millwork
- 2 Interior and exterior accessory grooves allow for easy accessory application
- 3 Bottom sash tilts in and removes for safe and easy cleaning of exterior glass
- 4 Weather-tight dual action sash lock provides security while sealing out the weather and sealing in your comfort
- 5 Energy-efficient warm edge insulating glass for enhanced energy efficiency
- 6 Low-profile sill nosing resembles a traditional wood window
- 7 Integral nailing fin with welded corners for simple and accurate installation
- 8 Maintenance-free multi-chamber PVC construction with fusion welded corners for durability, weather-tight performance and beauty
- 9 Robust interlock satisfies forced entry requirements and improves structural performance
- 10 Integral 1/4" siding pocket with undersill trim leg allows for simple and secure siding installation

Maximize the performance and the value with our Classic vinyl single hung windows. Twin and triple units can be ordered in an integral mull design with a continuous head and sill for a cleaner appearance. Choose from a variety of shapes including operating true radius, operating arch and operating uneven leg arch.

27 Cu. Ft. French Door Refrigerator

Stainless - GI7FVCXXY
White - GI7FVCXXQ
Black - GI7FVCXXB

At 27 cu. ft., the ENERGY STAR® qualified Latitude™ refrigerator features the most refrigeration space available for fresh food. The In-Door-Ice® ice dispensing system moves the ice bin to the door, creating room for an entire extra shelf within. Deeper door bins, crisper space and a hidden water filter also add to more usable refrigeration storage. The industry-first Measured Fill dispenses the exact amount of water in cups, liters or ounces.

Optional

Kitchenaid 30" Downdraft Electric Cooktop

KECD807XSS - Stainless
KECD807XBL - Black

Get a fresh view when you cook. Thanks to a built-in downdraft, this cooktop can be installed in an island or peninsula for truly flexible kitchen design. Smoke, steam, and odors are captured right at the surface, so there's no need for overhead venting. And efficient heating is all yours with two double-ring elements tailored to cookware size.

This cooktop is great for island or peninsula installation, as its built-in downdraft vent captures smoke, steam, and odors right at the surface. And for efficient heating, two double-ring round elements allow you to choose which to use based on cookware size.

•Ceramic-glass surface offers a stylish appearance and wipes clean easily.
3-speed fan control allows you to match the ventilation power to various recipes.
Perfect for an island or peninsula, a downdraft cooktop removes smoke, steam, and odors without an overhead hood.
Each double-ring round element has two distinct sizes, so you can choose which to use based on cookware size.
Hot-surface indicator shows if any cooking surfaces are on or still hot.
400 CFM exhaust rating handles the venting requirements of cooking techniques from pan searing to stir-frying.

Optional

Whirlpool 30-inch Self-Cleaning Slide-in Electric Range

Cook with confidence. This 4.5 cu. ft. range offers the Timesaver Plus true convection cooking system fan, which distributes heated air more evenly and seals in flavor and juices. Meanwhile, the AccuBake temperature management system uses a sensor to monitor oven temperature to deliver consistent results, while the adjustable split rack gives you options inside the oven. After dinner, the Precise Clean self-cleaning system eliminates the need for harsh cleansers while cleaning the oven on your schedule. There's nothing you can't do with your cooking.

Whirlpool 30-inch Self-Cleaning Double Oven Freestanding Electric Range

GGE388LXS

Get twice as much done in the same amount of time with this 6.7 cu. ft. double oven freestanding electric range. This range features the largest capacity in the industry¹, so your apple pie can be turning a luscious golden brown at one temperature while your lasagna simultaneously bakes to perfection at another. The upper oven preheats quickly, using up to 39 percent less energy² so you can perfect your recipe and still save energy. Meanwhile, the AccuBake® temperature management system uses a sensor to monitor oven temperature to deliver consistent results, even on multiple racks. Getting it done right is twice as nice. additional features...

1.5 CU. Ft. Over-the-range Microwave (non-vented)

WMH3205XVS - Stainless
WMH3205XVQ - White
WMH3205XVB - Black

The CleanRelease® non-stick interior in this microwave-range hood combination makes cleanup as easy as a quick wipe with a damp sponge. This 2.0 cu. ft. multitasking microwave with steam and sensor cooking is enabled by 6th Sense® technology — just push a button and the sensor tracks the progress of your food and automatically adjusts the cooking time as needed. Steam rice, fish, or vegetables quickly and without the added bulk of a cooktop steamer. The AccuSimmer® cycle uses a built-in sensor to determine when liquids boil, preventing spill-over. This microwave helps you get things done. Multitask without sacrificing counterspace with this microwave-range hood combination. It cooks while it clears the air in your kitchen.

2.0 Cu. Ft. Capacity
CleanRelease® interior
The industry's first silver metallic, non-stick interior requires no special cleaners — a damp cloth or sponge is all that's needed to remove cooked-on spills and splashes.
